Hi Bob,

It looks like you were left off this list. I am still in Anchorage and probably won't have a chance to call before I head back to Kenai this morning.

Subject: synopsis example for Bristol Bay watershed analysis

Hey All,

I'm attaching a draft synopsis of the fisheries end of the Bristol Bay watershed assessment. This document summarizes the pertinent information and gives the primary supporting references for most of the sections that we identified in our preliminary outline.

I'm not exactly sure when Phil wants this completed, but we can talk about that at our next coordinating meeting (if not sooner). For those of you submitting budgets to NatureServe, please get these in as soon as you can to keep the contract process moving along.

Thanks, everyone, for your help.
